with the Republicans. Both Senators declared that the split change in the Republican vote was indicative of party conditions throughout the country.

Senator Lodge's comment resulted in a statement by the Senate last night, declaring the war with Germany as an end, having today as a motive before both parties. The Senate leaders were doubtful today that the resolution would be passed when Congress reconvenes, and stated that if it had been intended seriously Congress would have been in session to pass it.

College Students on Strike Following Hazing Edict

By International News Service, Lancaster, Pa., Nov. 20.—The students of Franklin and Marshall College were on a strike today as a result of the suspension of fifteen members for the hazing of Robert Douthett, a freshman. Pickets were patrolling the campus.

Out of seven students, among them suspended, three are being held as hostages. The faculty threatens to expel them. The freshmen today refused to attend classes, dropping Douthett from the class.

Following the hazing, the college made twenty arrests, charging the students with assault and battery.

The door is closed, Senator Lodge declared, and the administration has accepted his verdict. The treaty will remain dead unless our reservations are accepted.

The only way the German Peace Treaty can be ratified by the Senate is for the administration forces to

BOARD DEFENDS TEACHERS' PAY SCHEDULE

Committee Declares New Scale Here is Higher Than Remuneration in New York

The salary increases for Boston teachers approved by the school committee, which the teachers have rejected, will be defended today by the board of education. The board stated that the new schedule adopted in the public schools of New York, according to a statement issued today by the Boston School Committee.

In a communication signed by Theodore D. Apollonio, secretary of the committee, that body points out that whereas New York salaries have hitherto surpassed those paid here, the new schedule adopted in both cities will put Boston salaries ahead of those in New York and likewise will put the total increase to Boston teachers available at once, while in New York the total increase will not be available for three years.

"Certification of the salary schedule," the board stated, "is not generally understood by the public. In fact, some of the teachers themselves, it has been pointed out, do not clearly understand the effect of the proposed increase. It is the duty of the school committee to put into plain English the various reasons for the proposed increase, and to explain the same to the public."

Under the present salary schedule, teachers at a minimum salary of \$500 a year, will receive an increase of \$100 a year, while those at a maximum salary of \$1,200 a year, will receive an increase of \$200 a year. The new rates proposed by the committee increase both the minimum and the maximum salary by \$100 a year. This means that while under the present schedule a teacher at a minimum salary of \$500 a year will receive an increase of \$100 a year, under the new schedule he will receive an increase of \$200 a year.

The board also stated that the new schedule proposed by the committee will increase the salary of a teacher at a maximum salary of \$1,200 a year to \$1,400 a year, while under the present schedule it would be \$1,200 a year.

STREET MILLS WALKER

Operators Appeal to the Government to Take Steps to Open Mines

Continued from First Page.

The big steel mills in the South, Chicago and Erie districts have been notified that their coal supply will be curtailed and they have been advised to operate only such parts of their plants as will require the least amount of coal.

Shippers are being asked not to tender for freight movement coal, and the government has indicated that every means is being taken to insure the coal supply of coal and to furnish fuel for the mills.

Reports from the producing districts affected by the strike indicated that the situation was serious, and that the government was taking steps to open the mines.

OSPIES RESCUE CREW AND TOWS Battered Fishing Sloop Into Portland

Portland, Nov. 20.—Rescued after a night of pounding at sea in a strong northerly gale, the fifty-foot fishing sloop Lacombe and crew of three arrived in port shortly after noon today, towed by the Coast Guard cutter Osprey. The crew consisted of Captain Ernest Dwyer, Chief Steward and Wilbur Davis. All were exhausted from cold and hunger, not having had any food for twenty-four hours.

The Lacombe left Portland on Tuesday night. This morning she was sighted from the Cape Elizabeth life-saving station, flying signals of distress. Life guards from the station went out to the sloop, and the cutter Osprey was dispatched to tow her.

The Lacombe was picked up about four miles off Portland, and was towed to the life-saving station. The crew was rescued, and the sloop was towed to the life-saving station.

DR. FLYNN OUT FOR NEWPORT MAYORALTY

Newport, R. I., Nov. 20.—Indications that the mayoralty contest in Newport would be limited to Thomas the Mayor and Mayor Mahoney were shattered when Dr. David E. Flynn, Newport's first elected mayor, announced his intention of running for re-election.

SEEK TO HAVE WOMAN ON FALL RIVER FORCE

Fall River, Nov. 20.—This city soon will have a policewoman on its force if the efforts of the Fall River Woman's Club succeed. A committee from the club attended the weekly meeting of the board of police and presented the matter.

WAR HEROES RAP CONDITIONS AT RUTLAND

BATTLEFIELD EXPLOITERS SCORED

President Murlin Declares Curious Should Be Barred From Sacred Soil

Exploiters should not be allowed to prostitute the soil of the battlefields of France, made sacred by the sacrifice of young America in the great war. So declared President Louis Murlin of Boston University today, addressing the second general assembly of the College of Liberal Arts in Jacob Sleepers Hall.

FUNDS NEEDED FOR NEWSBOYS' CENTRE

An appeal for funds has been issued by the Newsboys' Reading Room Association, with quarters at Green and Union streets. This organization benefits 800 boys, who through its agency are kept on the streets, learn obedience and discipline, and have access to books. Subscriptions should be sent to the treasurer, Dr. Preston Clark, at No. 55 Kilby street.

Regular Habits Produce a Beautiful Complexion

Daily elimination ride the system of poisons. Women should realize that!

MANY women complain daily of their complexion, of their head-aches and general ill health, realizing that the trouble is constipation. Women, too, are much more subject to such conditions than men, and much more conscious of it. The result is more in health, more eyes, is softer, plumper complexion, is lustrous, hot breath, and in that word so often used, "tired."

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and others in her care do likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end makes the stomach and bowels regular to do their work actually without the aid of medicine.

The combination of simple laxative herbs with pepsin can be bought at any drug store for 50c and \$1 a bottle, the latter for families, for it is also a very useful food in cold, fever and other conditions that make it advisable to

always have a bottle in the house. It is free from narcotics and safe for the tiniest baby.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 111 Washington St., Meriden, Conn.

BONZANO WILL PROBABLY BE CARDINAL
 By International News Service. Rome, Nov. 20.—It was in the Vatican circles today that Monsignor Bonzano, the papal delegate to the United States, will probably be recalled from Washington and invested with high dignity in the preparatory to being raised to the cardinalate.

There is deep interest in the forthcoming consistory at the Vatican next month. It is expected that Pope Benedict XV will create five or six new cardinals, but it is reliably stated that there will not be any Americans among them.

The most likely candidates that have been mentioned are: Monsignor Valfrido Romano, apostolic delegate at Vienna; Monsignor Ragnoli, apostolic delegate to the court of Madrid; Monsignor Lodi, apostolic delegate at the Consistorial Congregation; and Monsignor Bonzano, apostolic delegate to the United States.

New Flareup of War Seems Possible if Kaiser Flees
 By International News Service. London, Nov. 20.—The possibility of another flareup of warfare if the former Kaiser flees across the Dutch border into Germany was pointed out today by the Daily Express, in the following editorial:

We find the Flinchbeck Napoleon of Amsterdam's bolt across the Dutch frontier at an opportune moment and almost another day's campaign as Bonaparte did after his escape from Elba. But could Germany stand even a campaign of 100 days, despite the fact that the allies have disarmed and demobilized their armies?

Washington does not rank as a first class manufacturer, whose occupants are entitled to wear the purple on leaving their post. It appears that the Holy See, in view of its importance, has tacitly decided that all of its occupants, on being recalled to Rome, shall receive the purple in recognition of their merits.

SOLO OF POUNDS OF SUGAR FOR 10; FINED \$20
 Certain dealers who have been taking advantage of the sugar shortage to give short weight on sales in order to make up for the high price in the following case.

Arthur Horn, a clerk in the Atlantic & Pacific Tea Company store in Peabody, was fined \$20 in district court today for selling eight pounds of sugar as a ten-pound package.

Mrs. Frank Ballard, the complainant, testified that she purchased a barrel of flour for \$14.40 at the Atlantic & Pacific Tea Company's store in Peabody and was told that she might also purchase ten pounds of sugar. She received a package which was supposed to have contained ten pounds of sugar and paid \$1.10. She testified that when she reached home she found but eight pounds.

Eggs up to \$1.15 and Prices Are Going to Be Higher
 Eggs are coming up! Housewives who thought they had touched the high water mark when they paid 75 cents a dozen for three weeks ago, today pay \$1.15 in Boston for the "choice" fresh, near-by eggs, and in at least one other city the price is \$1.20. The price which followed the 50-cent price was desperate and consumers are wondering just how high an egg can soar.

At that, Boston is better off than New York, where the wholesale price for eggs is \$1.25. The wholesale price in this city for choice, extra quality eggs is \$1.15 to \$1.20. The price for eggs at 14 to 16 cents, prime Western eggs at 12 to 15 cents, and extra quality eggs at 10 to 12 cents.

RENEW WORK HERE TO GET HARVARD MILLIONS
 The local campaign to secure \$5,000,000 as Boston's share of the Harvard Endowment Fund of \$15,000,000 was taken over today by class committee, and will be marked through as specially and effectively as possible, in the hope that the remaining portion of the local quota, \$200,000, will be secured within the next two weeks.

The work of setting up a new machinery by which members of all the classes between 1890 and 1915, inclusive, will assume the labor of collection, was accomplished under the direction of John Richardson, '95, captain of the team in the law department which completed its work in the local quota, \$200,000.

Druggists Call Begy's Mustarine Triple Extract of Heat
 But It's Non-Blistering Heat and It Won't Hurt the Tenderest Skin
 The food today caused the \$10,000,000 mark, principally through the work of molasses in New York. The local campaign added about \$7,500 to Boston's quota. The total at noon today was \$1,000,000. Boston, \$1,000,000; New York, \$1,000,000; outside, \$2,000,000. Total, \$4,000,000.

Grandmother's old-fashioned mustard plaster did the work all right, but it blistered the skin and was a mighty nasty remedy. Begy's Mustarine is the original mustard prescription that has made grandmothers mustard plaster a thing of the past. It is made of purest yellow mustard combined with other well known destroyers of pain and a box does the work of fifty mustard plasters.

It is easy to use, does not color the most delicate skin, is not sticky or greasy and does not rub off.

IF KIDNEYS ACT BAD, TAKE SALTS

Says Backache is a sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region, it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and inflamed. When your kidneys get sluggish and clog you must relieve them. Like you relieve your bowels; removing all the body's uric acids; when you have backache, sick headache, dizziness, a sore stomach, migraines, long, low, and when you have rheumatism, gout, and uric acid twinges. The urine is cloudy, and you feel a burning in the bladder when you urinate. You are tired, nervous, water, waste, and you are not getting relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Dr. Bate's take a tablespoonful in a glass of water before breakfast for four days and your famous salts in milk. Dr. Bate's famous salts in milk, combined with lithia, and has been found for generations to clear and stimulate sluggish kidneys, and to neutralize acids in the urine so it no longer irritates, thus ending bladder troubles.

Dr. Bate is a life saver for rheumatism, kidney, and bladder troubles. It is trustworthy, cannot injure and makes a delicious, refreshing, little-water drink. Advertisement.

DON'T RUB KIDNEYS RUB BACKACHE AWAY

Instant relief! Rub pain, soreness and stiffness from your back with "St. Jacobs Liniment."

Kidneys cause backache? No! They have no nerves, therefore no pain can cause pain. Latent Rub backache is caused by lumbago, settling in a strain, and the quickest relief is soothing, penetrating "St. Jacobs Liniment." Rub it on the neck or tender spot, and instantly the pain, soreness, stiffness and lumbago disappear. Don't stay crippled. Get a small trial bottle of "St. Jacobs Liniment" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, stiffness or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

Use the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuritis, rheumatism, sprains or a strain—Advertisement.

STOCKS STRONG IN NEW YORK AFTER WEAK START; MONEY 10 PER CENT; STERLING EXCHANGE BELOW \$4

STEELS, MOTORS, OILS AND TOBACCOS ALL SHOW CLASS STRENGTH

By W. H. ROSS, Financial Editor.

Stocks were strong in New York last week, prices rising at about the high level reached after the week opening. Crucible led the list for gains, as did the steel group, with 33 points over Wednesday's closing. General Motors, oils and tobaccos all showed class strength. Gains at week began from fractions to twelve points. Trading was of moderate volume, transactions totaling more than \$40,000,000. Call money opened at 10 per cent.

The foreign exchange market was weak. Sterling bought through \$4 at opening. Demand bills were quoted \$3.97, franc checks were 97.50, of 5 centimes, while the dollar was \$2.57, of 13 centimes.

The reaction of the price treaty had but little effect upon stocks after the opening. Early weakness of the market was attributed to some quarters to the failure to rally, but the consensus of opinion was that, with stock prices had been discounted, the conservative market quoted in New York at 13 1/2 cents a pound this morning.

NEW YORK WEEKLY WEAK OPENING.

Liquidation was resumed when the market opened, but as soon as prices for speculative investors began to tumble the tactics of yesterday were repeated. Traders began to buy and there was a rally. Prices rose an upward course for an hour, but the elements at work, bulls were in the market. The public, however, was not so much as sellers of stocks. It was stated in New York that recent calls for a meeting with the exchange, and that it looks as if the last of a week's work of lamb had been sheared. The rally that followed the opening decline was attributed in part to a continuation of buying by interests with long positions. It was remarked that it was no longer necessary to meet the call rate to check speculation, as an even more potent force was the losses sustained by the public.

MARKET BECAME IRREGULAR.

At the end of the first hour the market was irregular. The steel group opened with largest losses included. General Motors, Standard Oil, American Tobacco, Royal Dutch, Shell, and others. The market was weak at the start, but a rally came to a halt. The market was weak at the start, but a rally came to a halt. The market was weak at the start, but a rally came to a halt.

Unspoken Speech That Hits Public Approval Target

You hear occasional complaints that members of the Congress are permitted to print in the Congressional Record speeches they never voiced. For our part, we rather like the custom. It saves time, it permits information to circulate along the lines of least resistance, and when the contribution is short and to the point, like this "leave to print" gem of Representative J. Will Taylor of Tennessee, it is worth reprinting, which is more than you can say for many of the spoken speeches:

Our Mexican policy, or rather our lack of Mexican policy, is a burning shame and disgrace. The repeated outrages and atrocities committed by Mexico on American rights, both public and private, are enough to bring a blush of shame to the cheek of every true American.

The abduction of American citizens in Mexico by Mexican bandits has got to be of almost daily occurrence. Kidnaping American subjects for booty has become a principal Mexican industry. The American people are tired and disgusted with this tomfoolery, and they are not going to put up with it much longer.

If I had my way about it, Uncle Sam would immediately send a company of civil engineers into Mexico, backed by sufficient military force, with instructions to draw a parallel line to and about 100 miles south of the Rio Grande, and we would change our Southern boundary accordingly. I would annex this territory as indemnity for past depredations and as a grim reminder that we are not going to permit a continuation of these outrages. And if this reminder should not have the desired effect I would continue to move the line southward until the Mexican government were crowded off the North American map.

What eloquent declamation, poured forth by an impassioned orator to nodding colleagues or distrust pages, could be more to the point than this?

Three Good Reasons

Why You Should Do Your Christmas Shopping NOW

Copyright, 1919, Star Company.

Wise buyers are already doing their Christmas shopping. They are doing it because they know that by shopping early they get better selection and better service and are able to do their buying under more comfortable conditions.

Those are three good reasons for making your holiday purchases NOW.

At no time between now and Christmas will there be a wider choice of goods. As the holiday trade increases some of the lines, the most popular ones, will be exhausted, and your inquiry for those goods, if you delay, will be met with the discouraging reply, "All sold."

The question of service for the holiday trade is a great problem. You can materially help the merchants, and especially you can make it easier for the clerks by shopping early.

The natural element of indecision in buying gifts adds materially to the problem of store service. It takes three times as long to decide on what to buy as to buy it, and Christmas shoppers usually make their decisions at the store counters.

If you buy early you will help yourself, the merchant you patronize and the salespeople whose holiday tasks are difficult under the most favorable conditions.

And if you shop early you will avoid the great crowds who pay no attention to advice, but put off their purchases until the last day.

If you can arrange it, do your buying in the early morning hours just after the shops have opened. You can get more attention then than during the rush hours, and everybody, including yourself, is more efficient and pleasant after a good night's rest. The holiday buying of this year promises to eclipse all records. Never was there so wonderful a display of goods. Never so much evidence of prosperity. Buying has already begun with a rush. You will save time and comfort by doing yours at once.

Our Duty to Mothers

When physicians find time to talk about what they know they are usually well worth listening to.

Speaking before the Chicago Association of Commerce on the rehabilitation of the handicapped, Dr. Frank Billings classed the new mother with the wounded soldier as special claimants on the public attention.

The woman who has borne a child is in just as great need of rehabilitation as the man who has lost an arm or leg, said the great surgeon. She needs the opportunity to build herself up to normal, but in most cases she has to get right back to her work and cares without this chance.

One doesn't need to be a physician to see that Dr. Billings is right. But whose business is it?

That we owe this duty to the soldier who risks his life to save a nation we all agree.

Why don't we owe it also to the woman who risks her life to perpetuate a nation? Dr. Billings gave us a problem well worth while thinking about.

Inklings and Thinkings

All is not gloom in this High Cost of Living story. Food expert informs his readers that while the Thanksgiving turkey will be higher—oh, a lot higher—the consumer will get an extra cranberry to the quart.

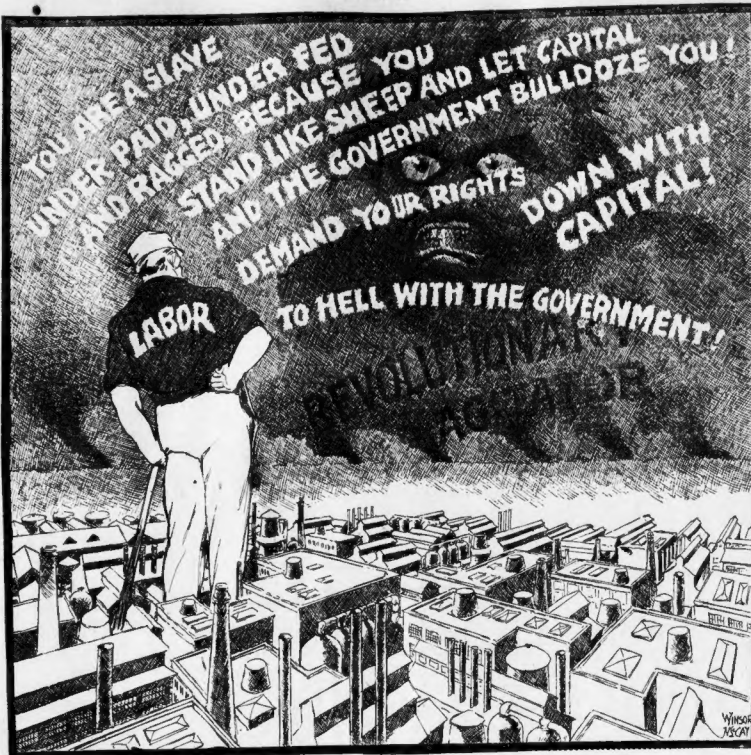

As advertised by a medium:
ROOM AND COUCH BOARD

Four years of war would seem plenty for anyone, but here's a jury of men picking the ugliest woman in London.

See they're going to "put teeth in the ticket speculators' ordinance." Easier to do than to put teeth in a turkey this year.

IN "WEDDING BELLS"
WHICH IS A NEW SHOW.
AND IF YOU haven't seen it.
YOU SURELY MUST.
WHEN IT comes here.
THERE IS A little dog.
AND HE chews up the shoe.
OF A hotel guest.
THE AFORESAID shoe.
BEING LEFT in the hall.
FOR the boy to shine.
AND THROUGH the shoe.
THE HOTEL guest.
MEETS THE owner of the dog.
AND HE falls in love.
AND MARRIES them both.
AND PRESERVES the shoe.
TIED UP with a ribbon.
AND THE other morning.
I WAS in my room.
AND THE door was open.
AND FROM out in the hall.
CAME A little white dog.
AND IT nudged right in.
AND AROUND the room.
AND STOPPED A moment.
AND GRABBED A slipper.
THAT BELONGED TO ME.
AND BEAT IT OUT.
ALTHOUGH THE slipper.
WAS ALMOST AS big.
AS THE dog itself.
AND I gave chase.
AND DOWN the hall.
AND THE little dog turned.
AND WENT into a room.
WHERE THE maid was working.
AND I followed it in.
AND IT dropped the slipper.
AT THE foot of a girl.
WHO SAT in a chair.
AND SHE looked at me.
AND LAUGHED right out.
AND THEN she stopped.

Science Depicts Queer Folk of Mars

SCIENTISTS have drawn the pictures of the race which inhabits Mars.

Basing their assumptions on the physical peculiarities of the mysterious planet whose canals and other evidences of civilization of a high degree have for years excited the interest of astronomers, the students of this far-away world have built up a draft of the sort of men which may be expected to live there.

They know that the power of gravitation is small, and that the atmosphere is extremely rarified. Therefore, they declare, the Martians in extremely tall, perhaps ten or twelve feet in height, with an enormous chest development, huge ears and a nose somewhat like that of an elephant. Also, they believe he communicates with others by means of a telephonic organ instead of by speech on account of the rarity of the air.

Since he always flies or rides, instead of walking, the Martian's limbs are thin and without muscles, like a bird's. His hands and eyes, used constantly, are probably more highly developed than ours. There are many more interesting features about this strange race.

Professor Gernback, editor of the Electrical Experimenter, tells, in a special article for the Boston Sunday Advertiser, what science has deduced as to the aspect and mode of life of the Martians. Read it Sunday in the Magazine Section.

If you were arrested for speeding and, instead of being fined, you were taken to the Morgue and Cinderella's experience is occasionally repeated in modern life. Little Dorothy Bateman, whose mother kept a boarding house at Newport, has married into the "40's."

It was a hard fight, however. When she was left a fortune of half a million, she found that money alone would not suffice to admit her to the sacred inner circle of Newport society.

Now she has married Dr. Horace P. Beck, a fashionable Newport physician, whose position will insure "the lady" a life of ease and function which she may choose to attend.
